

## Ruth Catallo

*"Arkwright was initially what fuelled my interest in engineering. In addition the status of an Arkwright Scholar has provided me with stepping stone after stepping stone along the career path I have chosen"*

### **Ruth Catallo**

During the 6th Form Ruth not only received an Arkwright Scholarship, but was also given a WISE Award and an RAF 6th Form Scholarship. She was further offered a University Bursary from the RAF but decided to take Ministry of Defence sponsorship instead.

A gap year with the MOD was part of the sponsorship scheme and this entailed working on a project for a Bomb Disposal Robot as well as research into systems upgrades for the Harrier.

In 2003 Ruth completed her second year at Cambridge and again has had valuable work experience at the MOD in Bristol working on Beyond visual Range Air to Air Missiles. She will be spending a year at the Massachusetts Institute of Technology commencing in September 2003.

### **Ruth Catallo**

Scholarship Awarded 1997 – 99  
 Sponsor: Jerwood Foundation

### **University of Cambridge**

General Engineering  
 Specialising in Electrical Engineering  
 in 3rd and 4th Year.

### **Oakham School, Rutland**

#### **'A' Levels**

- Design Technology
- Physics
- Maths
- Further Maths
