

## The Elliott School

**“Arkwright has had a definite effect in raising the profile of ‘A’ Level Design and Technology at The Elliott School. We have seen our student numbers increase from 3 to 40 in 9 years. As well as helping financially it has a tremendous impact on student confidence in the department and across the whole age range.”**

These are the words of Mr David Smith Head of Design and Technology. He believes that benefits of association with the Arkwright Scholarships Trust are extremely valuable ranging from funds to support the ‘A’ Level syllabus to attracting the most able students in the school to the subject of Design and Technology which was often regarded as a second class ‘A’ Level next to the pure sciences or humanities.

The School has also benefited over many years from the partnership with their Arkwright sponsor, The Worshipful Company of Ironmongers.

*“Awards to our students inspire confidence in the department, amongst parents and school hierarchy.”*

*David Smith, Design and Technology Teacher*
